TERMINOLOGY

This pattern uses US terminology.

sc	single crochet	st	stitch
inc	increase	dec	decrease
MR	magic ring	sl st	slip stitch
P	purl	F/O	fasten off
k	knit	[]	total # of sts per round
k2tog	knit 2 together	()	repeat steps in brackets

NOTES

1. Work in continuous rounds without joining the round with a slip stitch. Do not turn at the end of each round.
2. Use a stitch marker to keep track of the beginning of each round.
3. Head and body are worked in one piece. Beginning at the top of the head, working down the body.
4. I recommend using invisible decrease to avoid the gap in the stitches.
5. Firmly stuff as you work and overstuff slightly before finishing the section being worked. This will allow for the stuffing to fill out the shape after the crocheting is done.
6. I have used double strand knitting technique to create a shiny texture on the hats. This is a technique in which yarn and metallic thread
7. If you do not want to use double strand knitting technique any store bought sparkly yarn would do (you will likely get a uniform shine this way, not the subtle twinkling effect created by the double strand technique).
8. I have embroidered initials onto the body as these were created for a custom order. If you do not wish to do so, you can easily sew in buttons for a more traditional snowman.
